II. AGENDA

Action Item(s)

1. **System-Wide Sewer and Drainage Services Requirements Contract (ID # 2029)**
   Lew Finkelman, Chief Operating Officer and Sr. VP, reported that the vendor has worked with numerous government agencies, specifically with the City. The vendor has had some issues in the past; however, it has been working with the library for years without incident. A clause has been added to all Library contracts in order to protect the Library’s interest and allow the Library to terminate a contract for convenience.

**Recommended Motion for Consideration by the Buildings and Grounds Committee:**

I move that the Buildings and Ground Committee recommend to the Board of Trustees that the President and CEO be authorized to execute a contract with A&L Cesspool Services Corp. for system-wide sewer and drainage requirements services for a three-year term with two one-year options to renew at the Library’s sole discretion at the rates proposed herein.
