Bib ID 1541136

From the moment she entered the world, Francie Nolan needed to be made of stern stuff, for the often harsh life of Williamsburg demanded fortitude, precocity, and strength of spirit. Often scorned by neighbors for her family's erratic and eccentric behavior--such as her father Johnny's taste for alcohol and Aunt Sissy's habit of marrying serially without the formality of divorce--no one, least of all Francie, could say that the Nolans' life lacked drama.

Increasingly, she becomes convinced that the source of evil lurks within their household and watches helplessly as the family's passions explode in murder.

Yet if Yossarian makes any attempt to excuse himself from the perilous missions he's assigned, he'll be in violation of Catch-22, a hilariously sinister bureaucratic rule: a man is considered insane if he willingly continues to fly dangerous combat missions, but if he makes a formal request to be removed from duty, he is proven sane and therefore ineligible to be relieved.
