

**Request for Proposals for
Print Media Delivery services
RFP 0122-2
Questions and Answers**

January 18, 2022

Q1. If this is a request for a proposal for a subscription of our monthly "bilingual" newspaper, not only our publication is not in the provided list, but also this seems to be a very elaborate complex approach for our simple \$75.00 per address annual subscription.

Please, clarify for me with reply, since I am interested to apply, but I want to make sure I understand.

A1. This Request for Proposals seeks to obtain the services that are detailed in RFP section V Scope of Work. Firms that have received notification of the RFP should determine if it is able to provide the requested services and if it is interested in responding to the RFP.

Q2. Who is providing the print media?

A2. As per page 5 Section V Scope of Work of the RFP document, "All newspapers shall be provided by the successful proposer to the Library at cover price without mark-up. The successful proposer shall be compensated by the Library at a per delivery fee for any newspapers delivered to each location. Any bags required by the successful proposer shall be provided by the successful proposer at its costs and part of the successful proposer's per delivery fee."
